FLOOR DEBATE

March 28, 2003 LB 267

history record check is required, the fingerprints shall be furnished to the Federal Bureau of Investigation for completion of the check. The intent was and is not to alter the fee schedule for any application. Because the August 2002 Special Session changed the application of fees for private detectives, and the intent of LB 267 is not to modify those fees, the amendment to the committee amendment assures that those fee schedules are not altered. The amendment details that, according to Nebraska Revised Statute 71-3204, the Secretary of State shall set the fees for private detectives. The amendment furthers the intent and purpose of the original bill, and I would ask its adoption. Thank you.

SENATOR LANDIS: Thank you, Senator Brashear. There are no lights on. You're able to close on your amendment to the amendment. He waives the opportunity to close. The question is the adoption of the amendment to the committee amendments. Those in favor vote aye, opposed no. Mr. Clerk, you may record.
